- d. Today there are 20,116 alumni from 12 of the 16 campuses across the system, more than 3x the number from 1999. The graduates of the Main Campus also now account for less than half of all alumni, a figure which will continue to fall each year. Currently we have 47% from the Main Campus, 18% from 5 campuses in Greater Luzon, 19% from 3 campuses across the Visayas, and 16% from 3 campuses in Mindanao. The chart above shows the breakdown across campus clusters for the 2019 graduating class, giving us a glimpse to how the regional distribution is expected to grow. This is what it means today to be a member of the PSHS National Alumni Association, a diverse group of scientists, professionals, entrepreneurs, artists, and lovers from not just all over the Philippines, but from all over the world.
